STRATEGIC PARTNERS

INCITE + VOYCE™

STRATEGIC PARTNERS

Incite is extremely excited to announce our new partnership with Voyce, a leading provider of remote video and audio language interpretation services and document translation. Language should never be a barrier to healthcare and with Voyce, it doesn't have to be. Incite members can use Voyce to communicate freely with their residents, patients, and their families, regardless of the language they speak. With the touch of a button, Voyce connects providers to trained medical interpreters in 240+ languages, including American Sign Language (ASL).

Voyce is providing preferred rates to Incite members, making it easier and more affordable to provide interpreter services within your organization. Members are only billed for time spent with an interpreter with discounted rates at \$0.75/minute for audio, \$0.85/minute for video, and \$1.29/minute for ASL. Devices, such as iPads and carts, can also be rented.

We believe that this partnership will be a valuable resource for all Incite members. With so many communities facing language barriers, Voyce's interpretation solution provides accurate and seamless communication for everyone.

Please take a moment view this [2:37 video](#) to better understand how easy Voyce is to use and how powerful this tool can be in your organization.
